

Key

-  Caravan Unit Pitch Area with Pitch No. Slate Chipping's to fit with Regional Aesthetic
-  Vehicular Circulation Lane. Crushed Aggregate
-  Site Junction with Tarmac and small speed humps
-  Existing Planting Blocks Created After Previous Application
-  Proposed re-enforced grass vehicle track
-  Existing tree
-  Proposed Native Trees Mixed Planting
-  Proposed Native Woodland Mix
-  Proposed 1m high earth bund
-  Proposed hedge on bund
-  Proposed 1.2m high stockproof fence

Designer Notes:
 The scheme aims to introduce native planting blocks in an informal way throughout the site to encourage nature and soften the sites appearance including screening views from external elevated ground. All layouts for planning only, consult a qualified engineer regarding all layouts
